DETAILED ACTION

1. Claims 43-48, 51, and 52 are allowed. These claims have been renumbered as claims 1-8.
2. Claims 1-42, 49, 50, and 53-72 have been cancelled.

Drawings

3. The drawings filed on December 2, 2003 are accepted by the Examiner.

REASONS FOR ALLOWANCE

4. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "wherein the predefined rule specifies the first possible data mapping definition is ranked higher than the second possible data mapping definition when each of the third and fourth data structures is part of a first data structure set containing the first data structure or is part of a second data structure set containing the second data structure and when at least one of the fifth and sixth data structures is not part of the first data structure set and is not part of the second data structure set" as recited in independent claim 43.

The remaining claims, 44-49, 51, and 52, are dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
